

Claim 19 (Amended), line 2, change "electrically conductive" to --metal--.

REMARKS

In response to the Examiner's Action mailed May 27, 1999, Applicant amends his application and requests reconsideration. In this Amendment, no claims are added or cancelled so that claims 1-19 remain pending.

Claims 1-14 are allowed.

Claim 15 was rejected with regard to certain language appearing in lines 27, 28, and 37. The claim has been amended by removing the indefinite language and, further language, not intended to be included in the paragraph concerning the second metal body is also removed. These amendments overcome the rejection of claims 15-18.

Claim 19 was rejected as indefinite for lack of antecedent basis for a term. Claim 19 is corrected, providing antecedent basis for the appropriate term.

The Examiner acknowledged that claims 15-19 would be allowable if the rejections as to form were overcome. Accordingly, the foregoing Amendment places the application in form for allow-

ance which is earnestly solicited.

Respectfully submitted,
